

Entramos en la web de Kaggle.

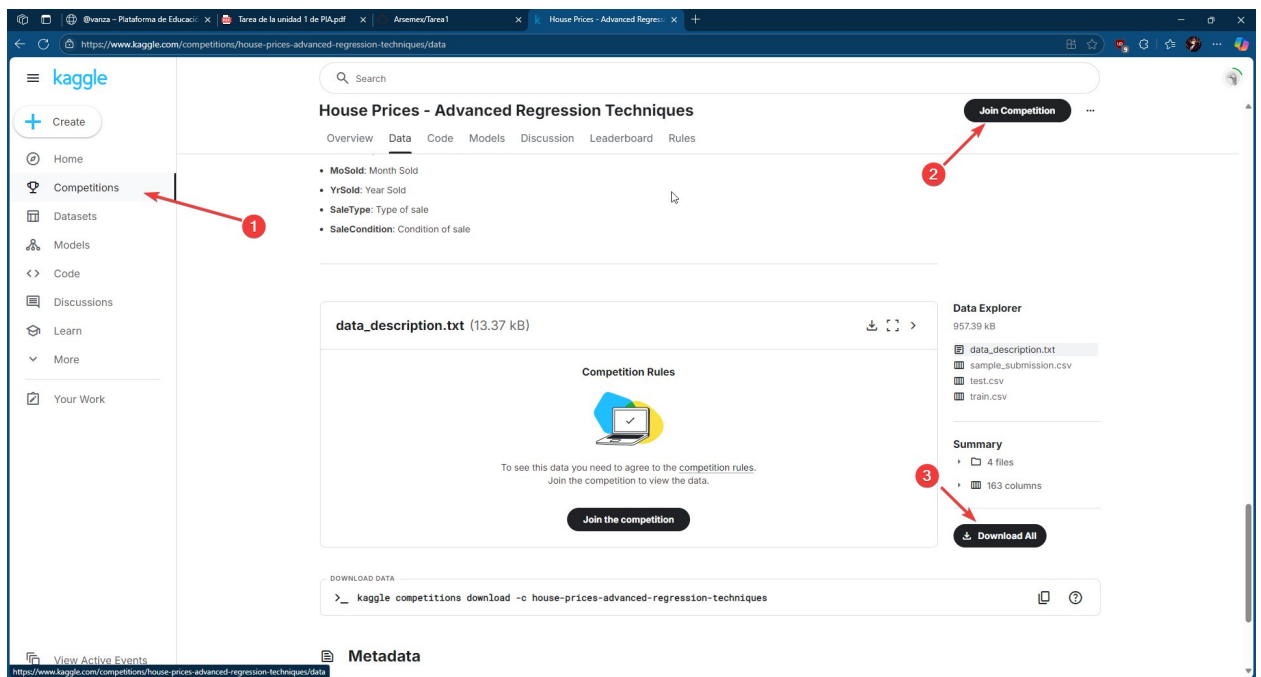

Yo he creado mi cuenta usando mi dirección de correo, pero también se puede usar la cuenta de Google.

The image shows the Kaggle registration page titled "Register with email". It features a form with the following fields: "EMAIL" (with a red arrow pointing to it), "PASSWORD" (with a minimum of 7 characters requirement), and "FULL NAME". Below the form is a "No soy un robot" CAPTCHA and an unchecked checkbox for "Email me Kaggle news and tips". At the bottom are "Back" and "Next" buttons (with a red arrow pointing to the "Next" button), and a "Contact Us / Support" link.

Cuando ya hemos iniciado sesión, entramos en la pagina de las competencias, elegimos una, hacemos clic en Join y ya podremos descargar los archivos.

The image shows the Kaggle competition page for "House Prices - Advanced Regression Techniques". The left sidebar has a "Competitions" link with a red arrow and the number 1. The main content area has a "Join Competition" button with a red arrow and the number 2. Below the "data\_description.txt" file, there is a "Competition Rules" section with a "Join the competition" button. On the right, the "Data Explorer" section shows a "Download All" button with a red arrow and the number 3. The "Summary" section indicates 4 files and 163 columns. At the bottom, there is a "DOWNLOAD DATA" section with a terminal command: `kaggle competitions download -c house-prices-advanced-regression-techniques`.
